DETAILED ACTION

1. This Office Action is in response to Amendment filed 9/2/2004.

Allowable Subject Matter

2. Claims 1-13 are allowed.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: The prior arts of record taken alone or in combination fail to teach, anticipate, suggest or render obvious the claimed invention of a system and method, recited in the independent Claims 1 and 8, for measuring a plasma electron density in a plasma chamber, including **a frequency source for providing a signal to the plasma chamber such that the signal sweeps in decreasing frequency direction and then sweeps in an increasing frequency direction**, a fringe order calculator for determining a fringe order of the plasma and a density calculator for determining a plasma electron density of the plasma based on the fringe order.

Consequently, independent claims 1 and 8 are allowed over the prior arts of record. Claims 2-7 and 9-13 are directly or indirectly depended upon claims 1 and 8 and therefore are also allowable.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
